

# *RotaForce*

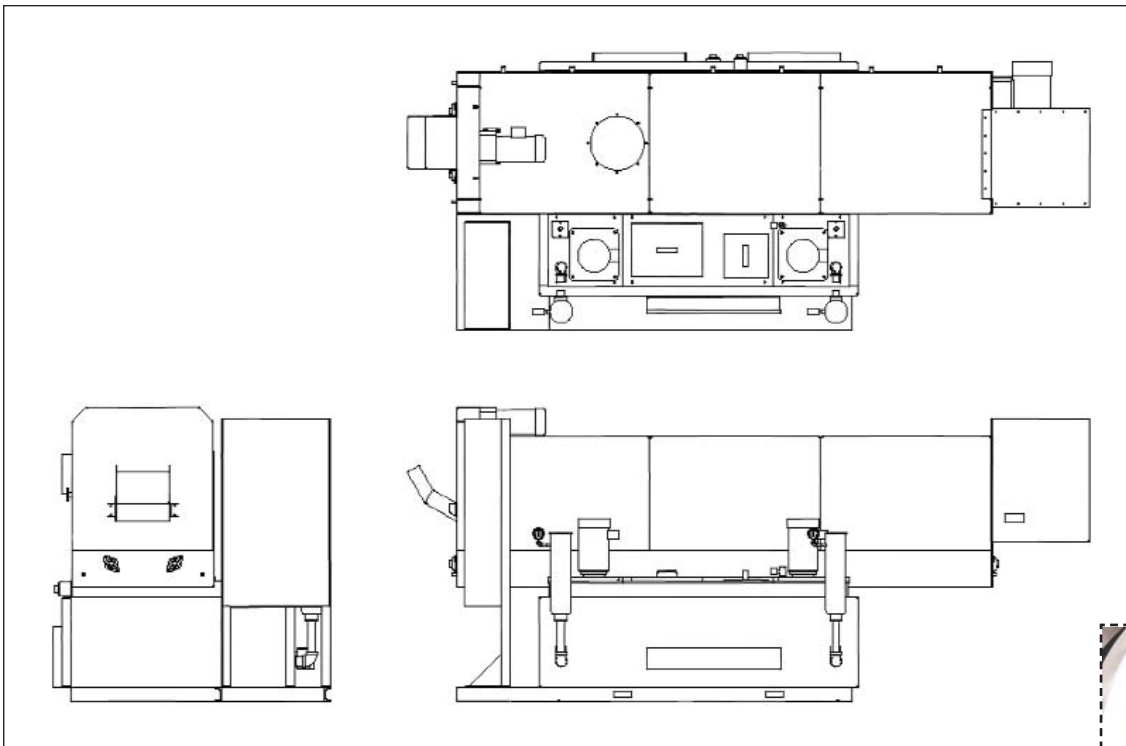

## *Rotary Drum Washers*

Stoelting is proud to introduce our new RotaForce Industrial Parts Washer Series. These systems are the perfect addition to our Aqueous line of cleaning equipment. The RotaForce Rotary Drum Series Cleaning Systems are designed for light to heavy industrial parts processing. The RotaForce modular design, coupled with our large variety of options, allows you to incorporate nearly any combination of detergent washing, rinsing, rust inhibiting, chip removal, and drying.

## Typical Rotating Drum Washer Configuration

### FEATURES:

- Heavy Stainless Steel Construction
- Maintenance Access Doors
- High Efficiency Vertical Pumps
- Digital Temperature Controllers
- Fused Main Disconnect
- Variable Rotation Speed
- Heavy-Duty Drive Motor
- Heavy-Duty Level Controls
- Heavy-Duty Channel Steel Frame
- Lift Off Tank Clean-out Lids

### Some Available Options:

- Gas Heat
- Mist Collectors
- Dual Drum Configurations
- Insulation
- Chemical Make-up Systems
- Filter Systems
- Seven Day Timers
- Chip Collectors
- Exhaust Blowers
- Marine Style Clean-out Doors

MODEL: 3 STAGE	14" DRUM	22" DRUM	30" DRUM
<b>DIMENSIONS</b>	138" X 46" X 52"	144" X 60" X 66"	144" X 70" X 74"
